CONVIVIO 1200 GUN METAL

Kitchen Sinks

Code: N049 S56

EVIER CONVIVIO 1200 SOUS-PLAN GUN METAL

DETAILS

Coloring	Gun Metal
Texture	Brushed in line
Finish	PVD
Material	AISI 304 stainless steel
Edge/Installation Type	Undermount
Dimensions	1236x503 mm
Standard fittings	Fixing hooks, gasket, drain, overflow and siphon, boxed packing
Mixer holes	No standard holes
Built-in hole	1185x477 mm

Drainer	No
Width	123.6 cm
Bowl dimension	1185x400 mm
Number of bowls	1 bowl
Waste fitting	3,5" drain

EQUIPMENT

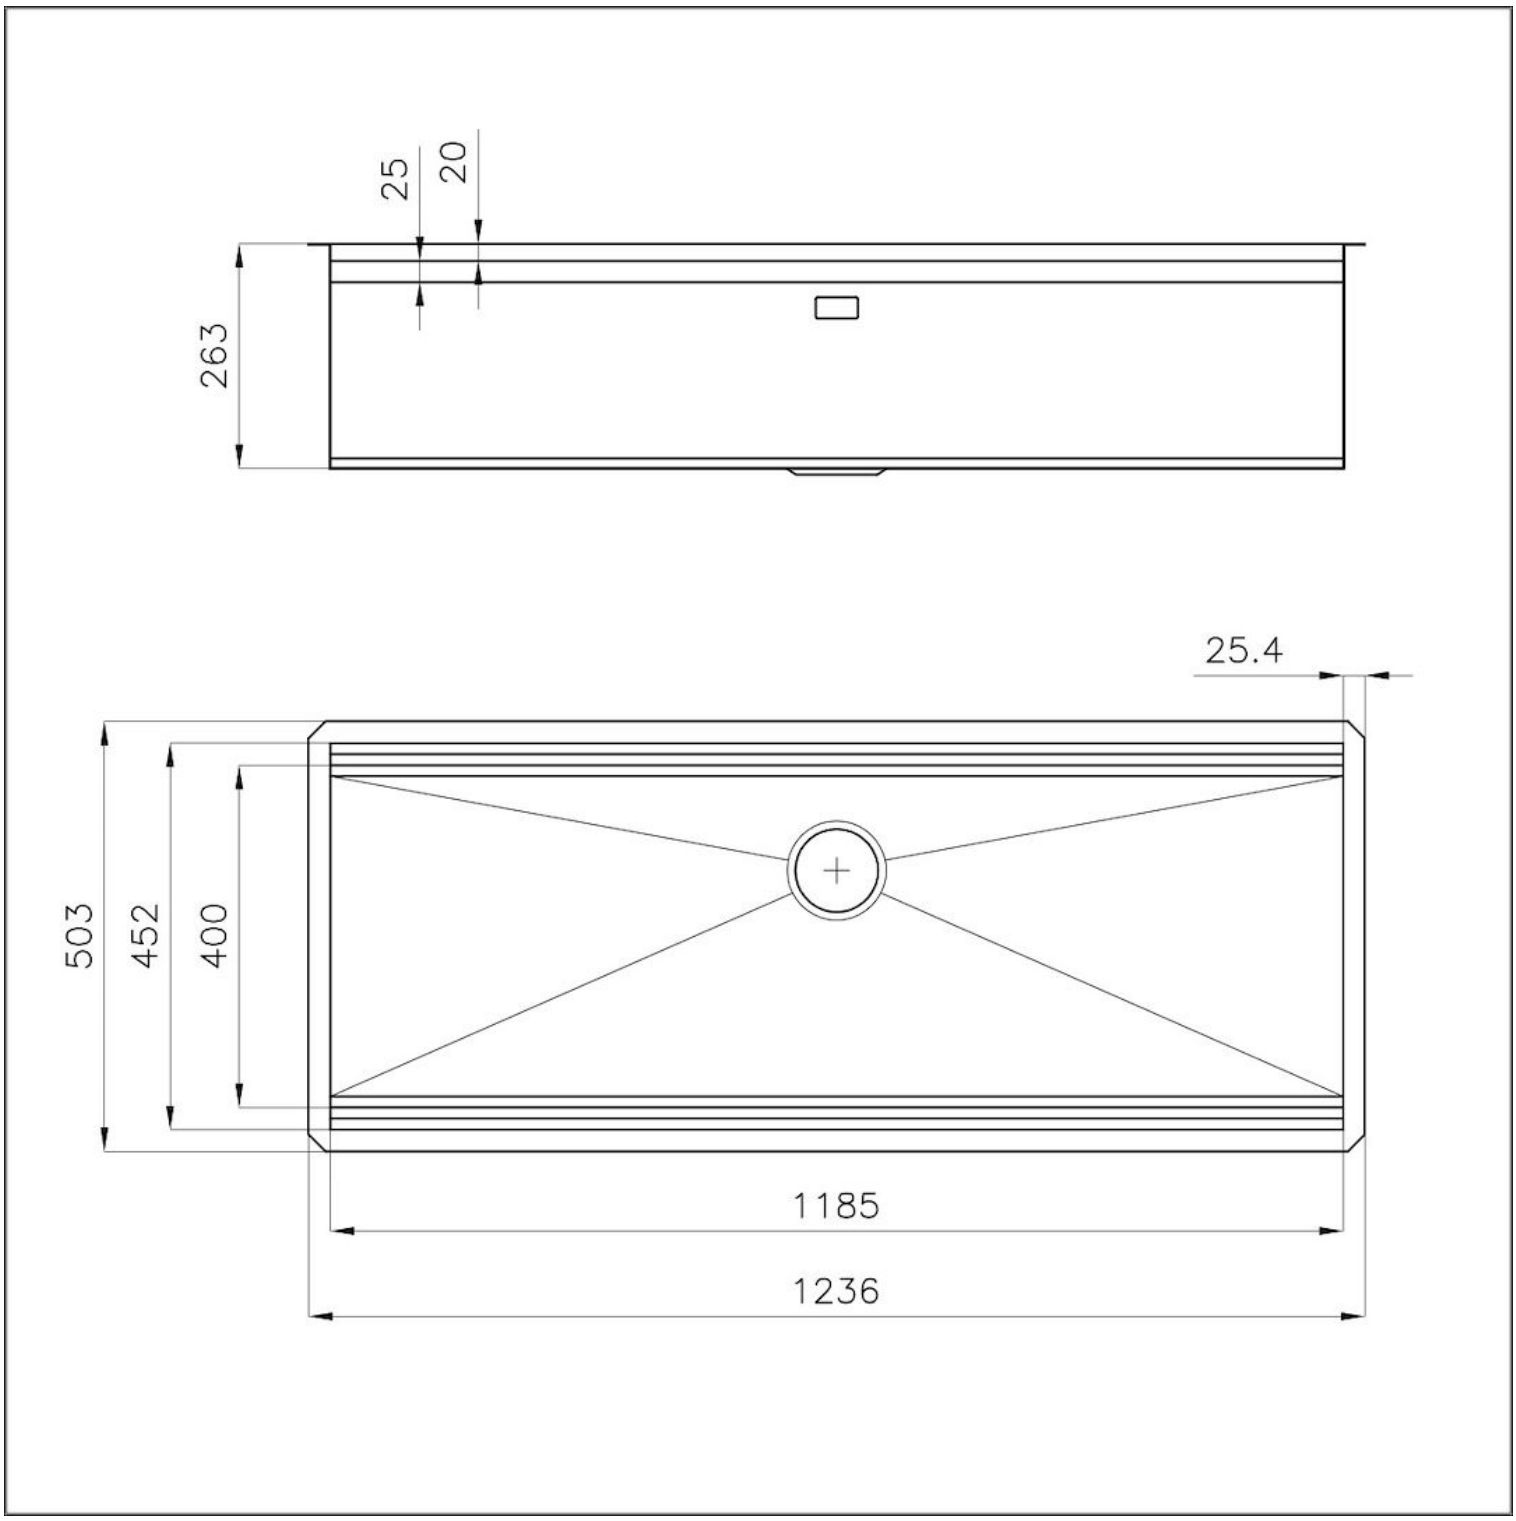
1 x Black Grid 8100 600
1 x Bamboo chopping board 8200 002

FEATURES

Gun Metal	The Gun Metal finish is obtained by treating steel with a physical process called PVD (Phisical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.
Diamond-shape bottom	The draining of water is an important feature in a sink, and it's always taken good care of in Foster products. In the bent-welded sinks, which would have a flat bottom, the proper draining is guaranteed by the elegant beveling, which helps the water flow.
High thickness	1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.
Triple recess - sliding accessories	The Foster Milano sink has an ingenious design that makes it simple to use a large set of optional accessories. On the topmost supporting step, the innovative Black grids slide, creating a large and practical surface to rinse food and crockery. The second step is meant to support and allow the sliding of a complete combination of accessories, which make some operations practical and safe: rinse, drain, slice, grate... everything can be done inside the sink. The third supporting step is on the bottom of the bowl. On this step one can rest the Black grids, making it possible to rinse foodstuffs without their coming in contact with the bottom of the sink, which may be dirty.

Perimetral overflow	The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

TECHNICAL DATA



Happy Hour
Optional accessories / Accessori opzionali

The "rails" system makes it possible to use a combination of numerous accessories. Grids, chopping boards, utensils' ranging system, bowls and containers of different dimensions can be alternated in the workspace with a simple gesture, and can easily be stacked, in order to be on hand at all times.

Il sistema di "corsie" rende possibile l'utilizzo combinato di innumerevoli accessori. Griglie, taglieri, portautensili, vaschette e contenitori di varie dimensioni si alternano nella zona di lavoro con un semplice gesto e possono essere impilati, sempre a portata di mano.
