Drainer

No

Width

54 cm

Bowl dimension

500 x 400 mm

Number of bowls

1 bowl

Waste fitting

3,5" drain

FEATURES

Basket 3,5" waste fitting

The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts.

Gun Metal

The Gun Metal finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.

High thickness

1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.

Perimetral overflow

The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

Small radius

Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality.

VINTAGE PVD

The prestigious PVD finish combines with the care for detail of the Vintage finish, to create a combination of unique elegance.

TECHNICAL DATA

Intaglio per il troppo-pieno
Recess for housing the over-flow

- Built-in cut out for FTS – Foratura per installazione FTS
