| Bowl dimension | 400x400mm |
|----------------|-----------|

| | |
|-----------------|--------|
| Number of bowls | 1 bowl |
|-----------------|--------|

| | |
|---------------|------------|
| Waste fitting | 3,5" drain |
|---------------|------------|

FEATURES

| | |
|-------------|---|
| VINTAGE PVD | The prestigious PVD finish combines with the care for detail of the Vintage finish, to create a combination of unique elegance. |
|-------------|---|

| | |
|--------|---|
| Copper | The Copper finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches. |
|--------|---|

| | |
|---------------------------|--|
| Basket 3,5" waste fitting | The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts. |
|---------------------------|--|

| | |
|----------------|---|
| High thickness | 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability. |
|----------------|---|

| | |
|---------------------|---|
| Perimetral overflow | The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape. |
|---------------------|---|

| | |
|--------------|--|
| Small radius | Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality. |
|--------------|--|
