

CUBO 710

Kitchen Sinks

Code: N366 F50

CUVE CUBO 71X40 AVEC ROBINETTERIE SUR GORGE

DETAILS

Edge/Installation Type Flush-mount | Top-mount

Finish Foster brushed

Material AISI 304 stainless steel

Texture Brushed in line

Base 80 cm

Dimensions 770x520 mm

Standard fittings Fixing hooks, gasket, drain, overflow and siphon, boxed packing

Mixer holes 2 standard holes

Built-in hole [View technical data sheet](#)

Drainer No

Width 77 cm

Bowl dimension 710x400mm

Number of bowls 1 bowl

Waste fitting Drain with automatic control SPACE

FEATURES

Double mixer hole The large tap counter is already fitted with a series of 2 tap holes. In the second hole it is possible to install the remote control of the automatic drain or, alternatively, a practical soap dispenser.

High thickness 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.

Automatic waste fitting The waste-fitting with round remote knob is supplied; a practical accessory which makes it unnecessary to get wet in order to drain the water from the bowl.

Space waste fitting The elegant SPACE steel cap closes the drain and leaves no visible residues collected in the basket below. Space also has a small footprint and allows the optimal use of the under-sink compartment.

Save space system Drain and siphon are designed to leave as much space as possible in the under-sink area, more and more useful today for theseparate waste collection systems.

Perimetral overflow The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

Small radius Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality.

Deep bowls

This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can offer great capieny and practicity in all the washing operations.
