

# INTRIGO DOUBLE GUN METAL

Kitchen Sinks

Code: N455 F46

LAVELLO INTRIGO 2V mm 340x400 R12 À FLEUR GUNMETAL

## DETAILS

Coloring	Gun Metal
Edge/Installation Type	Flush-mount   Top-mount
Finish	PVD
Material	AISI 304 stainless steel
Texture	Foster brushed
Base	80 cm
Dimensions	750 x 440 mm
Standard fittings	Fixing hooks, gasket, drain, overflow and siphon, boxed packing

Mixer holes	No standard holes
-------------	-------------------

Built-in hole	<a href="#">View technical data sheet</a>
---------------	---

Drainer	No
---------	----

Width	75 cm
-------	-------

Bowl dimension	340x400mm
----------------	-----------

Number of bowls	2 bowls
-----------------	---------

Waste fitting	Drain SPACE 3,5"
---------------	------------------

Notes:	As the product consists of a single seamless steel surface with no gaps or interstices, the use of garbage disposal and waste fitting with automatic control is not permitted.
--------	--

## FEATURES

Gun Metal	The Gun Metal finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.
-----------	--

ONE SEAMLESS STEEL SURFACE	The waste-fitting and overflow are moulded on the sink. The product is therefore made out of one seamless steel surface, without gaps or interstices. A great plus in terms of hygiene.
----------------------------	---

Deep bowls	This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capieny and practicity in all the washing operations.
------------	--

High thickness	1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.
----------------	---

## Perimetral overflow

The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

---

## Save space system

Drain and siphon are designed to leave as much space as possible in the under-sink area, more and more useful today for theseparate waste collection systems.

---

## Small radius

Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme praticity.

---

## Space waste fitting

The elegant SPACE steel cap closes the drain and leaves no visible residues collected in the basket below. Space also has a small footprint and allows the optimal use of the under-sink compartment.

---

## TECHNICAL DATA

## Lavello / Sink cod. 4455/046

intaglio per il troppo-pieno  
solo con top > 30 mm

recess for housing the over-flow  
only for top > 30 mm
