|----------|--------|
| Coloring | Copper |
|----------|--------|

|                        |            |
|------------------------|------------|
| Edge/Installation Type | Undermount |
|------------------------|------------|

|        |     |
|--------|-----|
| Finish | PVD |
|--------|-----|

|          |                          |
|----------|--------------------------|
| Material | AISI 304 stainless steel |
|----------|--------------------------|

|         |         |
|---------|---------|
| Texture | Vintage |
|---------|---------|

|      |       |
|------|-------|
| Base | 60 cm |
|------|-------|

|            |            |
|------------|------------|
| Dimensions | 440x440 mm |
|------------|------------|

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| Standard fittings | Fixing hooks, gasket, drain, overflow and siphon, boxed packing |
|-------------------|-----------------------------------------------------------------|

|             |                   |
|-------------|-------------------|
| Mixer holes | No standard holes |
|-------------|-------------------|

|               |                                           |
|---------------|-------------------------------------------|
| Built-in hole | <a href="#">View technical data sheet</a> |
|---------------|-------------------------------------------|

|         |    |
|---------|----|
| Drainer | No |
|---------|----|

|       |       |
|-------|-------|
| Width | 44 cm |
|-------|-------|

|                |              |
|----------------|--------------|
| Bowl dimension | 400 x 400 mm |
|----------------|--------------|

|                 |        |
|-----------------|--------|
| Number of bowls | 1 bowl |

|               |            |
|---------------|------------|
| Waste fitting | 3,5" drain |
|---------------|------------|

## FEATURES

|             |                                                                                                                                 |
|-------------|---------------------------------------------------------------------------------------------------------------------------------|
| VINTAGE PVD | The prestigious PVD finish combines with the care for detail of the Vintage finish, to create a combination of unique elegance. |
|-------------|---------------------------------------------------------------------------------------------------------------------------------|

|        |                                                                                                                                                                                                                                                                                                                                             |
|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Copper | The Copper finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches. |
|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                           |                                                                                                                          |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Basket 3,5" waste fitting | The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts. |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------|

|                |                                                                                                   |
|----------------|---------------------------------------------------------------------------------------------------|
| High thickness | 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability. |
|----------------|---------------------------------------------------------------------------------------------------|

|                     |                                                                                                                                                                                                             |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Perimetral overflow | The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape. |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|              |                                                                                                                                            |
|--------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Small radius | Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality. |
|--------------|--------------------------------------------------------------------------------------------------------------------------------------------|
